Twelve diverse segments, with a specific song track for each, will utilize fresh, yet simple movement patterns to invigorate participants regardless of age, skill or fitness level. Instructors will learn to use every inch of the pool with well planned transitions and carefully organized sequencing for workouts you've dreamed of, that are a cinch to integrate. Our experts pull them together and remove the need to analyze and prepare choreography, find the perfect music and prepare the structure of the class—we leave you with room to focus on your students!

WATERinMOTION® stays true to the fundamentals of aquatic fitness while incorporating choreography that is unique and pre-formatted to specifically match water tempo music. Even instructors find these more challenging tracks refreshing. The difference between WATERinMOTION® and other aqua fitness classes are innumerable. The integrity of this program, however, is maintained and respected with each new movement installment. WATERinMOTION® is at once similar to and different from any other aqua class you have ever experience and it is renewed 4 times a year in licensed facilities! Intelligent, ingenious movement prescribed to inspiring music frees instructors to integrate WATERinMOTION® seamlessly and reach a wide variety of audiences.

Trainer's Tip: To demonstrate the Power jack, you might choose to show it with full rebound the first tie, then sit on a stool in order to use both legs to show the power. A standing position is also a possibility, but make sure to show one leg in full range of motion in both directions. If your students follow you and only use one leg you may need to show both legs moving on the jack.

Trainer's Tip: A variety of positions challenges stability in this track. The Verse is mostly suspended so that makes it the most challenging to stabilize. The Chorus alternates between neutral and suspension levels. This block is a bit easier to stabilize. The bridge block is grounded and demands core contraction to stabilize.
